

# Cluster Analysis Report — Cluster 2

**Generated:** 20251205\_224840  
**Customer Count:** 5

## Executive Summary

This cluster of customers is characterized by high income and excellent credit scores, predominantly self-employed and residing in tier1 cities. Despite some negative confidence scores, their financial profiles make them strong candidates for car loans. The sales team should focus on personalized offers and marketing strategies that appeal to their entrepreneurial and affluent nature. Emphasizing the benefits of car loans tailored to their financial status could increase loan uptake.

## Cluster Overview

This cluster consists of high-income, self-employed individuals residing in tier1 cities. They have excellent credit scores, making them strong candidates for car loans despite the negative confidence scores for some. The cluster is characterized by financial stability and a mature age group.

## Confidence Score Distribution

Average: -0.379  
Range: -1.546 - 1.318  
Median: -0.580

## Key Prediction Factors

- 1. High income levels indicating financial stability
- 2. Excellent credit scores suggesting responsible financial behavior
- 3. Residence in tier1 cities which often correlates with better financial opportunities

## Recommendations

- 1. Focus on personalized loan offers highlighting benefits for self-employed individuals.
- 2. Emphasize the advantages of car loans for high-income earners in tier1 cities.
- 3. Develop marketing strategies targeting mature, financially stable customers.
